78504 SNAP-IN ANCHOR	\$5.00
78505 EYE BOLT, WASHER 7 NUT FOR SNAP-IN MOUNTING.....	\$8.00

IMPORTANT:

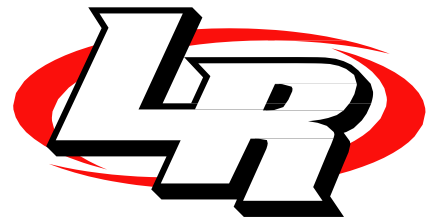

Replace any belts that experienced a crash or an event other than normal use. Do not use the restraint system again, even if it appears OK. We recommend (and most Sanctioning Bodies require) the belts to be replaced two years after the date stamped on the SFI tag. Please consult your Sanctioning Body for more information.

Clean with a mild detergent and damp cloth. DO NOT USE chemicals or solvents of any kind. Allow belts to air dry completely. All restraint systems, including webbing, stitching and hardware, should be checked for wear, fatigue and fastness regularly especially after any event other than normal use.

MADE IN CANADA!

WARNING:

These articles are sold without warranty, expressed or implied. No warranty or representation is made to these products ability to protect the user from any injury or death. The effectiveness, warranty and longevity of this equipment are directly related to the manner in which it is INSTALLED, USED, and/or MAINTAINED. Be advised that automobile racing and other forms of motorsports are dangerous and products are subject to failure when exposed to the high stress that is involved. The user assumes that risk and all responsibilities.
